## Face Off

Irony and Humour in a Critical Age

The exhibition takes a critical spin on the complexity of the contemporary times in which we live. Featuring N. Pushpamala, Chitra Ganesh, Justin Ponmany & Prajakta Potnis, the works in the show comment in a playful and provocative manner upon themes of restraint, freedom, shifting political climates, fragility of land, urban space, and its conographies. The exhibition encourages young collectors to buy their first work of art of known artists at unusually affordable prices.
